

## **Junior Producer Developing a Large Scale World Class Asset**

Corporate Presentation – May 2024

# Disclaimer

This presentation contains "forward-looking statements" and "forward-looking information" (collectively, "forward-looking information") within the meaning of applicable Canadian securities legislation. All information contained in this news release, other than statements of current and historical fact, is forward-looking information. Often, but not always, forward-looking information can be identified by the use of words such as "plans", "expects", "budget", "guidance", "scheduled", "estimates", "forecasts", "strategy", "target", "intends", "objective", "goal", "understands", "anticipates" and "believes" (and variations of these or similar words) and statements that certain actions, events or results "may", "could", "would", "should", "might" "occur" or "be achieved" or "will be taken" (and variations of these or similar expressions). Forward-looking information is also identifiable in statements of currently occurring matters which may continue in the future, such as "providing the Company with", "is currently", "allows/allowing for", "will advance" or "continues to" or other statements that may be stated in the present tense with future implications. All of the forward-looking information in this presentation is qualified by this cautionary note.

Forward-looking information is based on, among other things, opinions, assumptions, estimates and analyses that, while considered reasonable by Cerrado Gold ("Cerrado") at the date the forward-looking information is provided, inherently are subject to significant risks, uncertainties, contingencies and other factors that may cause actual results and events to be materially different from those expressed or implied by the forward-looking information.

Forward-looking statements involve known and unknown risks, uncertainties, contingencies and other factors that may cause actual results and events to be materially different from those expressed or implied by the forward-looking information. The risks, uncertainties, contingencies and other factors that may cause actual results to differ materially from those expressed or implied by the forward-looking information may include, but are not limited to, risks generally associated with the mining industry, such as economic factors (including future commodity prices, currency fluctuations, energy prices and general cost escalation), uncertainties related to the development and operation of Cerrado's projects, dependence on key personnel and employee and union relations, risks related to political or social unrest or change, rights and title claims, operational risks and hazards, including unanticipated environmental, industrial and geological events and developments and the inability to insure against all risks, failure of plant, equipment, processes, transportation and other infrastructure to operate as anticipated, compliance with government and environmental regulations, including permitting requirements and anti-bribery legislation, volatile financial markets that may affect Cerrado's ability to obtain additional financing on acceptable terms, the failure to obtain required approvals or clearances from government authorities on a timely basis, uncertainties related to the geology, continuity, grade and estimates of mineral reserves and resources, and the potential for variations in grade and recovery rates, uncertain costs of reclamation activities, tax refunds, hedging transactions, as well as the risks discussed in Cerrado's most recent Annual Information Form on file with the Canadian provincial securities regulatory authorities and available on SEDAR at [www.sedar.com](http://www.sedar.com). Should one or more risk, uncertainty, contingency or other factor materialize or should any factor or assumption prove incorrect, actual results could vary materially from those expressed or implied in the forward-looking information. Accordingly, the reader should not place undue reliance on forward-looking information. Cerrado does not assume any obligation to update or revise any forward-looking information after the date of this presentation or to explain any material difference between subsequent actual events and any forward-looking information, except as required by applicable law.

The scientific and technical information in this presentation has been reviewed and approved by Dr. Sergio Gelcich, P.Geo., Vice President, Exploration for Cerrado Gold Inc., whom is a Qualified Persons as defined by NI 43-101.

### ➤ Junior Producer Developing a Large Scale World Class Asset

Steady State Gold Producer	<ul style="list-style-type: none"> <li>➤ Minera Don Nicolas producing 50-60koz per annum @ approx. US\$1,200 AISC</li> <li>➤ Capital program for new heap leach completed and debt reduction program underway <ul style="list-style-type: none"> <li>➤ Strong cash flows targeted to commence supporting debt paydown</li> <li>➤ Macro Economic Environment improving</li> </ul> </li> </ul>
Well Funded	<ul style="list-style-type: none"> <li>➤ Steady Cash flows expected from Minrea Don Nicolas to support ongoing exploration and development work</li> <li>➤ Proceeds from Asset Sale generate US\$60mm over 2024-2027</li> <li>➤ ECA Project Financing with UKEF &amp; TD Bank for up to US\$420mm</li> </ul>
Large Scale Long Life Development Asset	<ul style="list-style-type: none"> <li>➤ Mont Sorcier to produce 5mpta of green DRI concentrate to support Green Steel manufacture</li> <li>➤ Recent metallurgical test works demonstrates ability to produce high purity DRI 67% grade iron conc. With &lt;2.5% Silica and Alumina combined</li> <li>➤ Mont Sorcier PEA FCF of approx. US\$235M per annum for 21 years using only 65% grade</li> <li>➤ Construction Financing for 70% of capital requirements already being supported</li> </ul>
Experienced Team	<ul style="list-style-type: none"> <li>➤ A proven track record of advancing projects through development into production</li> <li>➤ Delivered production and operational improvements after the acquisition of MDN</li> </ul>

### OPTION AND LOAN AGREEMENTS SIGNED WITH AMARILLO MINERAÇÃO DO BRASIL LTDA FOR SALE OF THE MONTE DO CARMO GOLD PROJECT IN TOCANTINS, BRAZIL FOR TOTAL CONSIDERATION OF US\$60 MILLION (C\$80 MILLION)

- **Proposed Transaction expected to strengthen balance sheet and addresses lack of liquidity in the junior mining sector**
- **Company will be well-positioned to sustain production rates and drive future growth via its operating Minera Don Nicolas gold mine in Argentina and completing a feasibility study at its Mont Sorcier iron development project in Quebec capable of producing 67% DRI grade iron concentrates**
- **Transaction Highlights:**
  - **US\$15 million** 10% interest-bearing secured loan (“Signing Loan”) entered into effective on the date of news announcement (March 4, 2024), advanced in cash as follows:
    - US\$7 million advanced by the Purchaser on the date of this announcement;
    - US\$1 million to be advanced 60 days after the date of the First Advance; and
    - US\$7 million to be advanced within two days following the mailing to Cerrado shareholders of the management information circular to be prepared in connection with the meeting of Cerrado shareholders at which management would seek the Cerrado Shareholder Approval.

Upon obtaining the Cerrado Shareholder Approval, the Signing Loan shall be deemed to be repaid in full by Cerrado and the amount of the Signing Loan shall be applied as part of the Consideration (as defined below).

- **US\$10 million** in cash, payable within 5 days of the date on which the Purchaser gives written notice of its exercise of the Option to Cerrado, or by March (16), 2025.
- **US\$20 million** which together with the Signing Loan and the Second Payment, the (“Consideration”) in cash payable upon either: (i) if necessary, the approval of the Proposed Transaction by Hochschild shareholders, which is to occur no later than June 30, 2025; or (ii) if Hochschild shareholder approval is not required, by no later than March 30, 2025.

In addition, Amarillo will make the following additional payments following the acquisition of the Project:

- **US\$10 million** in cash payable within 14 days of the second anniversary of the date on which Cerrado shareholders approve the Proposed Transaction (the “**Second Anniversary Payment**”); and
- **US\$5 million** in cash payable within 14 days of the earlier of: (i) the commencement of commercial production from the Project; and (ii) March 31, 2027 (the “**Production Payment**”).

### Share Holder Register

### LARGO: Full development cycle: Market Cap= +C\$2.5B High

### Experienced operations team throughout the Americas

#### Mark Brennan, CEO & Co-Chairman

- Over 20 years of mining experience in Brazil
- Multiple successes in the region: Serra Metals, Largo Resources, Desert Sun

#### Kurt Menchen, President, Brazil

- +42 years of mining experience
- 20 years as GM at the Jacobina Gold project in Bahia State, Brazil, key in developing Largo Resources

#### Robert Campbell, Director

- Over 15 years of experience in exploration geology in Brazil
- Part of the team that developed Largo from a greenfield project

#### Casper Groenewald, COO

- Metallurgist with over 20 years of mineral processing experience in Africa and the Americas
- Part of the team that developed Largo from a greenfield project

#### Veronica Nohara, President, Argentina

- Over 20 years' experience working in different Latin American countries
- Former Chief Executive Officer for Minera Don Nicolas

**Minera Don Nicolas**

**Stable Production and Cashflow in the Deseado Masiff**

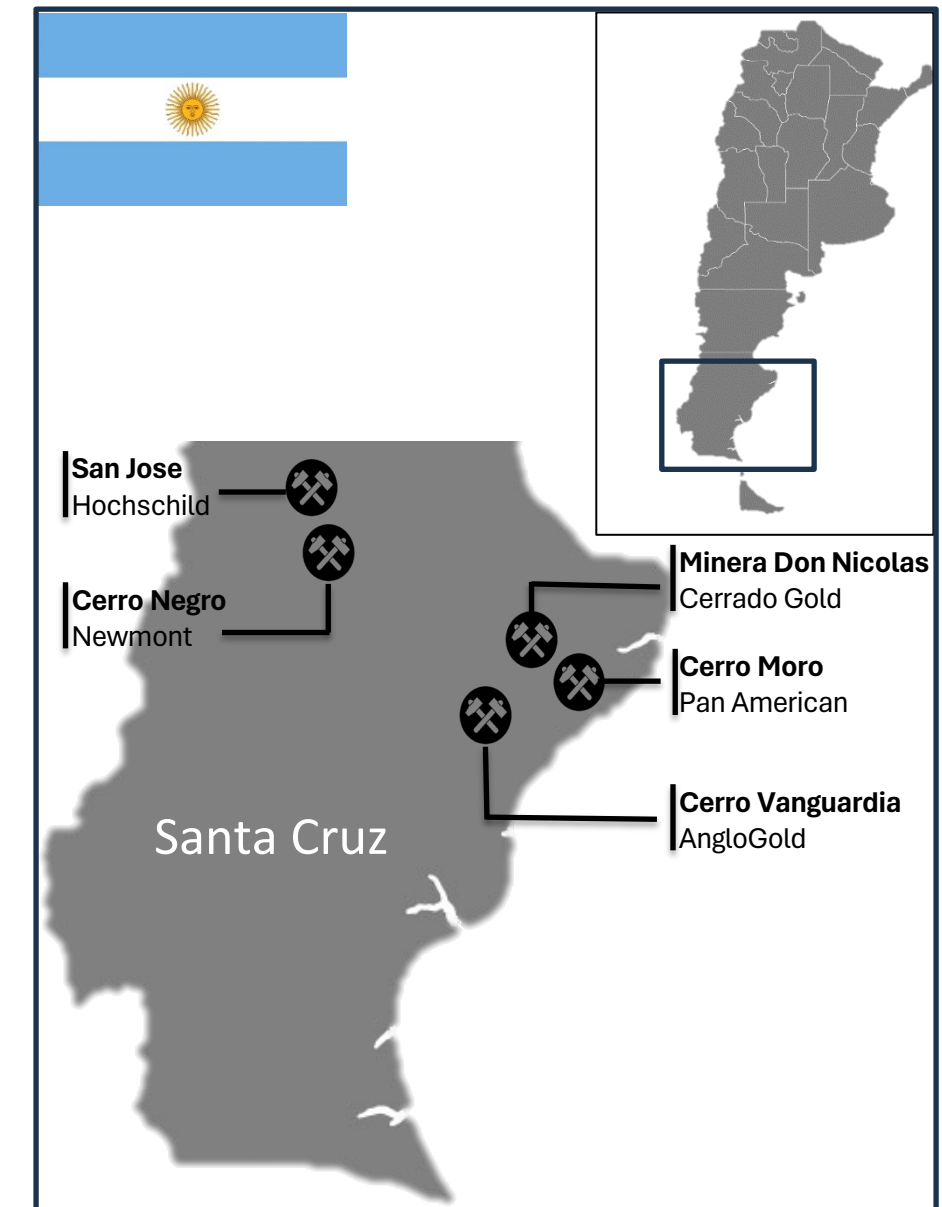

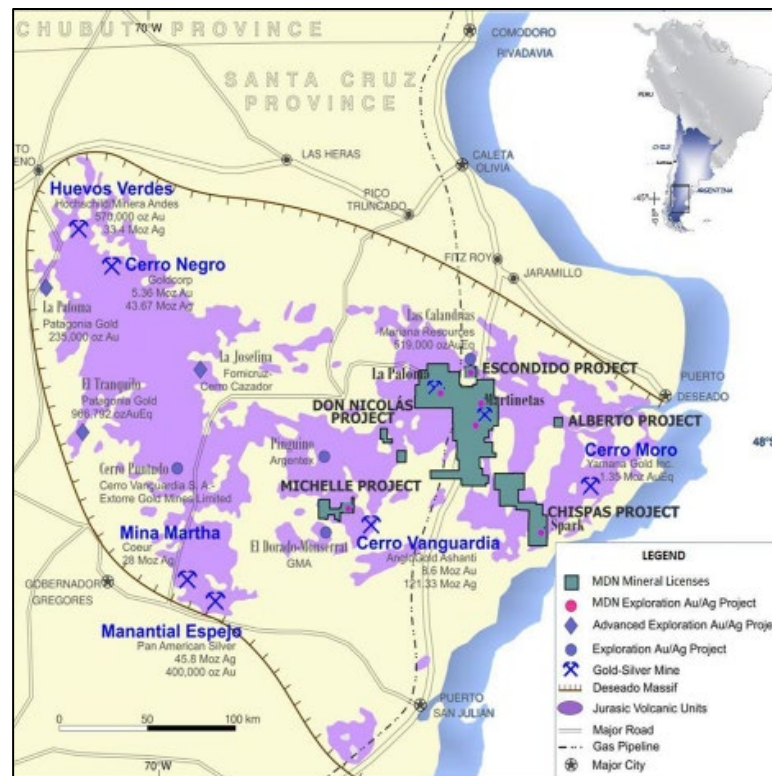

# Minera Don Nicolas

## Extensive and Underexplored Land Package

- Largest land package in the prolific Deseado Masiff (330K hectares)
- Steady state production of ~50koz per year through to 2027
- Exploration to date has only focused on near mine targets
- Underground potential remains untapped

# Minera Don Nicolas

## Track Record of Operational Improvement and Competitive Cost Base

Operating History Post Acquisition  
Increased Production & Falling Cost

Lowest Cost Producer in Argentina Amongst Peers  
9 month Argentinian Gold Producer AISC

# Minera Don Nicolas

## Well-Trodden Path to Production Growth and Resource Expansion

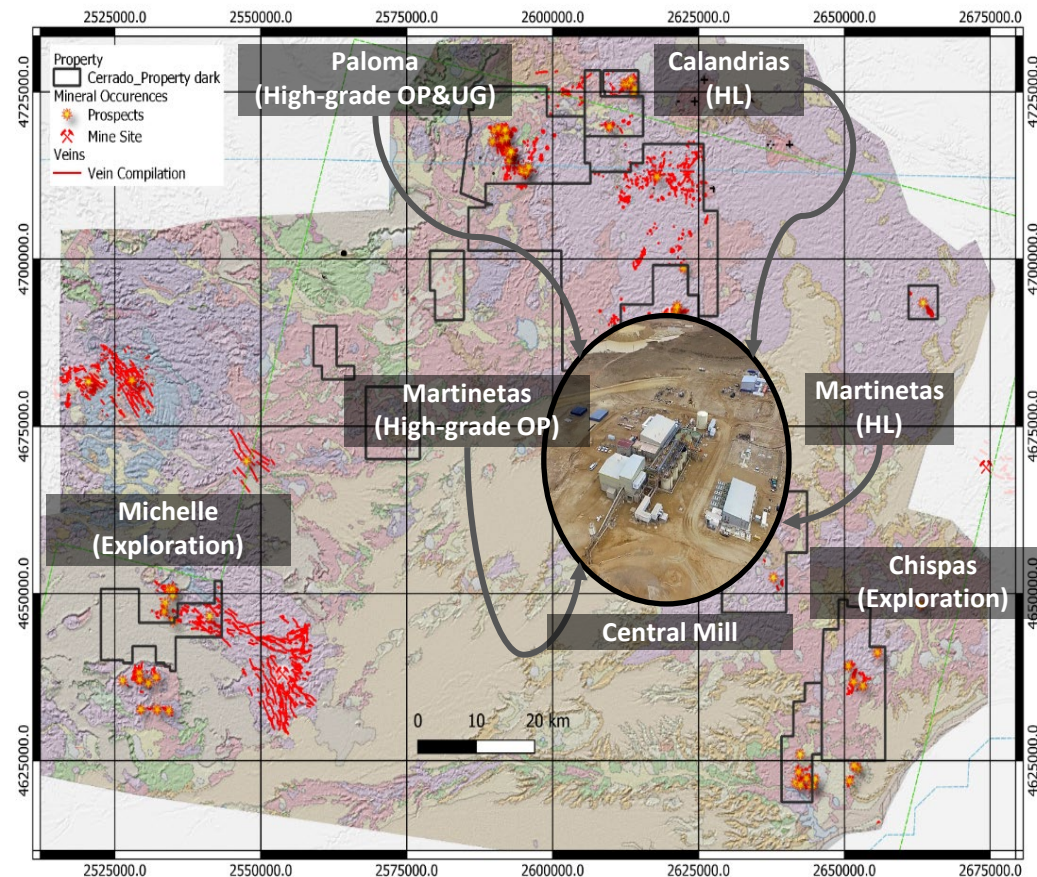

# Minera Don Nicolas

## CIL and Heap Leach Production

### Hub and Spoke Production Model

### Las Calandrias HL Project

- Additional 165koz of lower grade resources added to the mine plan
- Additional 5 years of low-cost production at ~20-25koz per annum

### Calandrias Norte High-Grade OP

- Stripping completed in February 2024
- Fresh ore feed to the Mill starting in March 2024
- Primary source of ore in 2024

### Martinetas HL Project

- Construction Targeted H2 2024

# Minera Don Nicolas

## Numerous Open Pit & Underground Opportunities

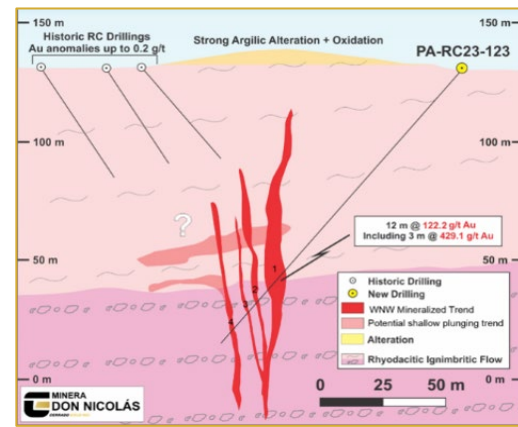

### Goleta

- 7 km from the plant
- Similar approach to Cerro Negro's Marian-San Marcos Deposit (500koz)
- One hole completed last year, intersected high grade fragments in the shallow breccia and quartz stockwork

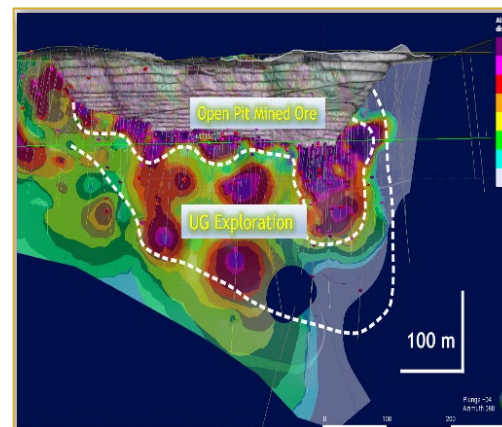

### Paula Andrea

- High exploration potential, for deeper seated large high grade deposits
- Two main targets high grade ore bodies have been discovered in this area, Baritina and Chulengo.

### Paloma Central

- 50 km from the plant
- Shoots that remain open under the Open Pit

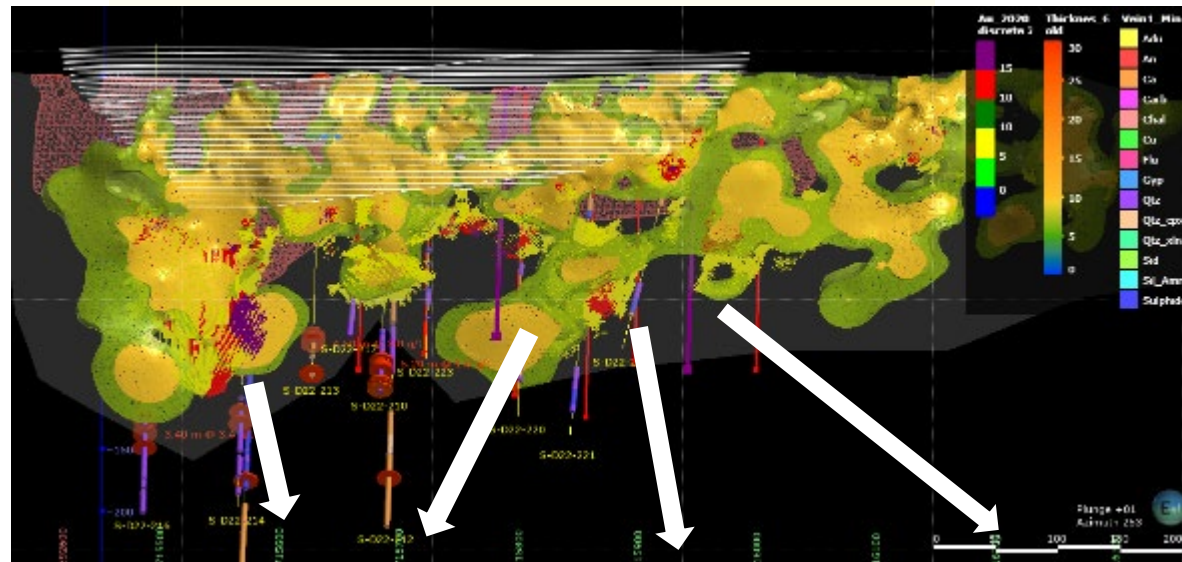

# Minera Don Nicolas

## Underground Growth Opportunity

### Preliminary Testing of UG potential at Paloma pit

- Drilling to date only to a vertical depth of 200 metres directly under the high-grade Paloma Pit
- Existing Pit provides direct access to the Underground for rapid development
- Previous operators did not explore for underground targets
- Application filed for underground license in Aug 2023, expect to receive in H1 2024

**Mont Sorcier Iron**

**High Purity Iron in Top Tier Jurisdiction Supporting the  
Transition for the Green Steel Industry**

# Mont Sorcier Project

## Green Steel and Direct Reduction Iron

### High Purity DRI Grade Iron For the **Green Steel Revolution**

#### High Purity Iron

Will benefit the steel producers and environment through lower EGE and coal use due to magnetite ore

#### Magnetic Separation

The deposit is magnetite allowing us to use Magnetic separation, an environmentally friendly method

#### Hydro Powered

85% of the power used to run the operation will be from renewable sources, hydro power mainly

**67**

% IRON HIGH PURITY

- **High Purity 67% Iron Concentrates significantly reduces Green house Grass emission in steel production**
- **Significant price premium expected for 67% DRI grade material vs 62% Index price**
- **High Grade material to displace lower grade material going forward as demand increases**

# Mont Sorcier Project

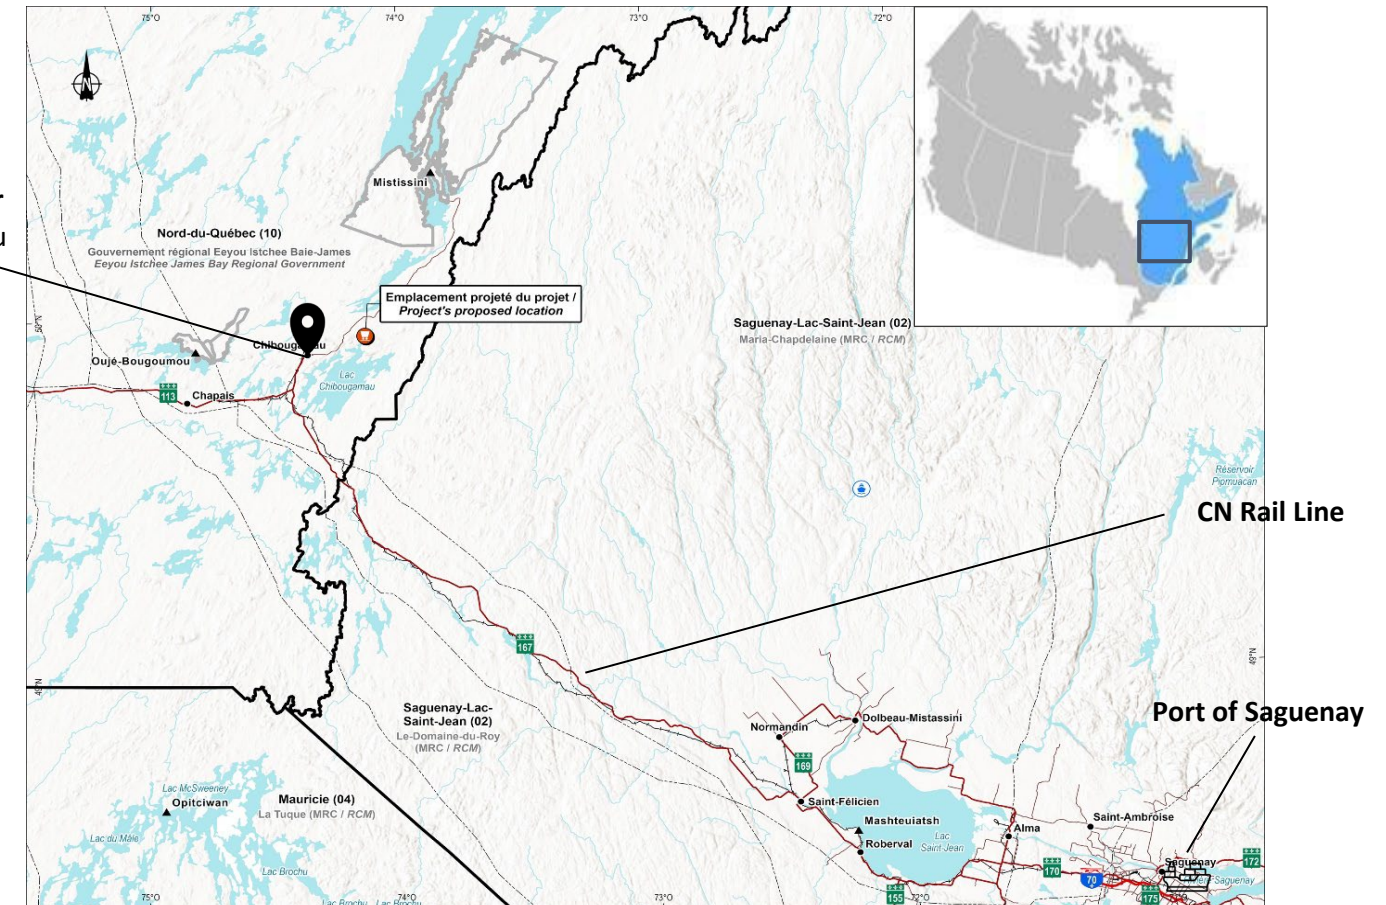

## World Class Project, First World Location

- Located in Chibougamau, in Cree traditional territory, Quebec
- Site located only 25km from public rail head
- >300km of underutilized existing common carry rail line connected directly to ports
- Existing low-cost Hydro Power
- Two deep water ports - Saguenay and Quebec City - with available capacity
- Single province jurisdiction streamlines permitting
- Feasibility Study Ready to Commence

## Significant Resource in Place

### ➤ Updated Metallurgy Confirms Ability to Produce 67% Fe Concentrate with Sub 2.5% Silica & Alumina

- Significant Indicated Resource in place to Backstop Feasibility Study
  - 5 year mine plan only utilizes Indicated North Zone and 25% of current known resources
- Significant Additional Resources to support Future Expansion potential
- High grade 67% Fe concentrate with <2.5% Silica and Alumina Combined
- Concentrate suitable for DRI and blast furnace-steel Production
- High grade material offers significant price premium and environmental benefits via reduced green house gas emission the steel making process

### PAYBACK UNDER 2 YEARS

- ✓ Annual average EBITDA of US\$348MM
- ✓ Average annual free cash flow of US\$235MM
  - 21-year life of mine
- ✓ Significant expansion potential:
  - ✓ Mine plan only includes 45.6% of the total resource
- ✓ Initial Capex estimated at US\$574 million including US\$118 million contingency
- ✓ Total operating costs of US\$66/t of concentrate over LOM (freight to China included)
- ✓ Robust economics generate significant tax base for all levels of government
- ✓ **PEA Does Not factor in DRI Grade product Premium now anticipated**
- ✓ **UK Export Credit Agency and TD Bank have been Mandated as Lead Arranged for Non- Resource Project Financing for up to 70% of Upfront Capital Requirements**

# Mont Sorcier Project

## Premium Product

➤ 67% Concentrate Grade + Low Deleterious Metals = High Purity Product

## Appendix

**Mark Brennan, Chief Executive Officer, Chairman & Founder**

Mark Brennan is Cerrado Gold's CEO and Co-Chairman. He is a Founding Partner and Executive Chairman of Ascendant Resources Inc. and Executive Chairman of Vanadium One Iron Corp., and has more than 30 years of financial and operating experience in the Americas and Europe. Mr. Brennan most recently served as president and CEO of Sierra Metals Inc., a major zinc-lead-silver-copper mining company with operations in Peru and Mexico. Prior to that, he was the president and CEO of Largo Resources Ltd., and a founder of several resource companies, including Desert Sun Mining, Brasoil Corp., James Bay Resources, Morumbi Oil and Gas, and Admiral Bay Resources.

**Cliff Hale-Sanders, MBA, CFA, President**

Mr. Hale-Sanders is one of the founding partners in the formation of Ascendant Resources Inc. Prior to this Mr. Hale Sanders' had a career that spanned over 20 years in the capital markets industry working as a leading Base Metals and Bulk Commodities research analyst in Canada working at RBC Capital Markets, TD Securities, CIBC World Markets and Cormark Securities. During this period, Mr. Hale Sanders visited and reviewed numerous mining operations and corporate entities around the world. Mr. Hale-Sanders holds a B.Sc. in Geology and Chemistry, an MBA from McMaster University and is a CFA Charterholder.

**Jason Brooks, CPA, Chief Financial Officer**

Mr. Brooks is a Chartered Professional Accountant with over 18 years of experience in finance and accounting at international mining companies. Prior to joining Cerrado Gold, he was Vice President, Finance of Caldas Gold until it was acquired by Aris Gold. Prior to his time at Caldas, Mr. Brooks served in progressively senior roles at several international mining companies including Golden Star Resources, New Gold and Barrick Gold.

**Casper Groenewald, Chief Operating Officer**

Mr. Groenewald is a qualified metallurgist and has over 20 years of mineral processing experience in Africa and the Americas. He was the Senior Vice-President of DRA America and former Technical Director for Largo Resources where he led the commissioning and optimization of its Vanadium processing facility in Brazil. He is the former Operations director at Minopex, where he managed the operation of five diamond mines, and has also worked for Vantech (Xstrata's Vanadium division), Highveld Steel and Vanadium Corporation.

**Kurt Menchen, President and Country Manager, Brazil & Director**

Mr. Menchen is the past-President of Operations, Brazil, of Largo Resources Ltd, and has over 42 years of experience operating and managing mining projects, including over 20 years as General Manager at the Jacobina Gold project in Bahia State, Brazil. His prior experience also includes Anglo American's Vaal Reefs underground gold mine in South Africa and De Beers Diamonds in Angola. Mr. Menchen holds a degree in mining engineering from the Federal University of Rio Grande do Sul, Brazil.

**Veronica Nohara, President & Country Manager, Argentina**

Mrs. Veronica Nohara is an international business professional with more than 20 years experience in executive positions across various industries. Prior to joining Cerrado Veronica was Chief Executive Officer for Minera Don Nicolas and was instrumental in the successful start-up and operation of the gold facility. Veronica has a long history managing and directing businesses in different industries in Argentina, Uruguay, Brazil, Chile, Paraguay and Japan. Veronica has served on different chambers such as ABC (Argentine Beef Consortium), AFARTE, CAEM and is Honorary Director of Women in Mining. She is currently the President of the Chamber of Mining for the Province of Santa Cruz). Veronica holds a Bachelors Degree in international trade from Universidad Argentina de la Empresa, a Posgrade in International Business and a Master of Business Administration from University Torcuato Di Tella.

**Sergio Gelcich, PHD. Vice President, Exploration**

Dr. Sergio Gelcich is an exploration geologist with over 20 years experience in geological sciences with emphasis in the mining and exploration industries through Canada, United States, the Caribbean and Latin America. He most recently served as Director Exploration for Hudbay Minerals where he led the corporate geology/exploration team, contributing with green to brown field exploration and also with the geological understanding of Hudbay's operations. Prior, Sergio was the Regional (Americas) Exploration Manager for GlobeStar Mining. Sergio's field experience includes almost every country in the Americas, encompassing precious and base metals, and a broad range of geological environments. Sergio has an Honours Bachelor of Science in Geology and a Master of Science in Geology from the Universidad de Chile, and a PhD in Geology from the University of Toronto.

**Carl Calandra, LL.B., MBA, Vice President, General Counsel & Corporate Secretary**

Mr. Calandra is a legal executive with more than 15 years of advisory, deal-making and public company experience. Prior to joining Cerrado, Mr. Calandra was Vice President and General Counsel of Dundee Corporation, a Canadian investment company focused on mining, and was an associate at a top-tier Canadian national law firm. Carl holds a Bachelor of Laws from the University of Western Ontario and a Master of Business Administration from the Ivey Business School. Carl has been a member of the Law Society of Ontario since 2006.

**David Ball, Vice President, Business Development**

Mr. Ball was most recently Chief Financial Officer of Santiago Metals Limitada, a private Chilean based copper producer and portfolio company of US Private Equity group, Denham Capital. Prior to his current role he held several positions at Macquarie Capital, an Australian Investment Bank During his career in the metals and mining sector, Mr. Ball has been actively involved in M&A, corporate advisory and fund raising of both equity and debt Mr. Ball brings mining focused operational and capital markets experience from Australia, South East Asia and North South America Mr. Ball holds a Bachelor of Commerce with Distinction (Curtin University) and a Masters of Finance (INSEAD).

**Mike McAllister, CPIR, Vice President, Investor Relations**

Mike McAllister has over 19 years of experience working with public mining companies, the last 12 as a mining specialized investor relations professional. He most recently was with Superior Gold and prior to that Sierra Metals where he helped the company complete the dual US listing progress and helped see the company progress from a small to a mid-tier diversified producer. Mr. McAllister also has worked at Avion Gold Corp., which was acquired by Endeavour Mining. Before working in investor relations roles, he worked at BMO Capital Markets in the Metals & Mining Group. Mike holds the Certified Professional Investor Relations (CPIR) designation completed at the Ivey School of Business, University of Western Ontario.

**Elmer Prata Salomão, Director**

Elmer Prata Salomão served as General Director of Brazil's National Department of Mineral Production (DNPM), the federal agency in charge of administration of mineral concessions and the implementation of Brazilian mining policy, from 1990 to 1995. Mr. Salomão is founder and now managing director of well recognized GEOS-Mining Services, originally incorporated in 1974, and is now managing director of EPS Consulting, a solely owned mining consulting company. Mr Salamao was a Director of Verna Minerals Corporate (currently Belo Sun Mining) working with Jad Salomao and Oscar Neto, as part of the team credited with the discovery and definition of Belo Sun's the Volta Grande Project, a deposit with over 7.0MM ounces of gold.

**Jad Salomão, Founder & Director**

Mr. Salomão has 42 years of experience in mineral exploration & mining and project evaluation with both major and Junior company in Brazil and Canada. He has managed several base metals projects (in special massive sulphides and sedimentary copper), precious metals (gold, PGM), diamonds, Industrial minerals (Ilmenite) and gem (Emerald, Alexandrite) projects. He is presently a major shareholder of the company Monte Sinai Mineração Ltda., which holds the Serra Alta project. Together with his partner, Oscar Neto, Mr. Salomão founded Verena Mineração Ltda - which became a junior mining company listed in the Toronto Stock Market in Canada from 1996 through 2010 – Verena Minerals Corporation (VMC) – which is now known as Belo Sun Mining Corp. Mr. Salomão and Mr. Oscar Neto are credited with the discovery and definition of the Belo Sun Volta Grande deposit; a deposit with over 7 million ounces of gold.

**Robert Campbell, M.SC., P. GEO., Director**

Mr. Campbell is an exploration geologist with over 40 years experience in mining and exploration industry through Canada, United States and Latin America. He most recently served as Vice President, Exploration for Ascendant Resources and Cerrado Gold Inc. Prior to this, Robert held the position of Vice President, Exploration for Largo Resources, a company he was involved with since its inception in 2003. Mr. Campbell has also worked with a number of major mining companies, most notably Noranda and Lac Minerals, and has held other senior management positions such as Vice President of Exploration for Apogee Minerals Ltd. Mr. Campbell holds a M.Sc. in geology from the Department of Earth Sciences, University of Western Ontario.

**Robert Sellars, Director**

Mr. Sellars has 40 years experience in capital markets and financial services and has significant experience on investment industry committees within the IIROC. Mr. Sellars previously sat on the board of directors of Android Industries, United Hydrocarbons International and Mutual Fund Dealers Association of Canada and currently serves on the board of directors for Dundee Sustainable Technologies. Mr. Sellars holds the position of Chief Financial Officer at Red Cloud Financial Services Inc. Previously, Mr. Sellars served as Chief Financial Officer & Executive Vice President for Dundee Corp., Chief Financial Officer at Dundee Energy Ltd., Chief Financial Officer & Director at CMP 2017 Resource LP, Chief Financial Officer & Director at CMP 2019 Resource LP, Chief Financial Officer & Director at CMP 2021 Resource LP, Chairman for Dundee 360 Real Estate Corp., President of Dundee Securities, Inc., Chief Financial Officer & Chief Operating Officer at Dundee Securities Ltd., Chief Financial Officer & Executive Vice President at Dundee Insurance Agency Ltd. and Chief Financial Officer of Dundee Global Investment Management, Inc.

**Christopher Jones, CA, CFA, Director**

Mr. Jones is an experienced professional chartered accountant, business valuator, Chief Financial Officer and financial advisor. His significant experience, keen strategic insight and ability to form partnerships with his clients lead to the ultimate goal of increasing their net worth while achieving significant corporate growth. His diverse experience enables him to offer unique solutions for maximum success and profitability. Chris is a Chartered Professional Accountant (CPA), Chartered Accountant (CA), Licensed Public Accountant (LPA), Chartered Financial Analyst (CFA) and Chartered Business Valuator (CBV). As the youngest Partner at Williams & Partners, he advises on complex taxation strategies, growth strategies, cash flow management, financing strategies, wealth management, and succession planning. Chris advises several private equity firms on acquisition targets and appropriate due diligence requirements highlighting key risk areas and maximizing target potential while serving as an advisor to high-net worth clients and families. Chris has served as CFO to several mid-market companies. He is the CFO of both AGTA Home Health Care and Bloom Care Solutions. He currently acts as Audit Committee Chair for Lara Exploration Ltd.

**Maria Virginia Anzola, Director**

Ms. Anzola has over 20 years of experience advising companies in the extraction industry. Ms. Anzola previously held the role of General Counsel and Corporate Secretary for Ascendant Resources and Cerrado gold where she provided leadership and direction on all legal matters. In 2017, Ms. Anzola served as Assistant General Counsel for Primero Mining Corp, and prior to that she served as Senior Counsel for Hudbay Minerals Inc. In addition, Ms. Anzola served as Consultant to the Tax Group of Borden Ladner Gervais LLP for over two years. Prior to moving to Canada, Ms. Anzola spent 11 years in private practice in her home country of Venezuela, mostly advising international companies engaged in the oil and gas business. Ms. Anzola has been called to the BAR in Ontario and Venezuela and has an LL.M from the University of Michigan, Ann Arbor and from Osgoode Hall Law School
